

RELATIONSHIP BETWEEN COUNTRY SITUATION LANDING PAGE CORRESPONDENCE LISTING AND COMMA DELINEATED LIST OF CORRESPONDENCE YEARS IN COUNTRY CMS PAGE

CMS

A.1 COUNTRY SITUATION PAGE

LIST OF DOCUMENTS
CONTAINING ALL
CORRESPONDENCE
FOR A GIVEN YEAR.

A.2 COUNTRY PAGE

COMMA DELINEATED LIST
OF YEARS WHERE
CORRESPONDENCE OCCURS.

WHEN DISPLAYING IN THE

FRONTEND

PAGE FOR A GIVEN COUNTRY

A.1

IS FILTERED THROUGH **A.2** RESULTING IN A LISTING OF DOCUMENTS
CONTAINING COLLECTED CORRESPONDENCE OF YEARS
WHERE THE SPECIFIC COUNTRY BEING DISPLAYED IS FEATURED

THE ALTERNATIVE WOULD HAVE BEEN THE ADDING OF A DOCUMENT TO EACH COUNTRY FOR EACH YEAR WHERE IT APPEARS
IN THE COLLECTED CORRESPONDENCE DOCUMENT, RESULTING IN A LOT OF DUPLICATE ENTRIES.

INSTEAD THIS ALLOWS YOU TO "TAG" THE COUNTRY SO IT WILL DISPLAY THE APPROPRIATE DOCUMENTS REDUCING WORK-
REPETITION. THIS IS PARTICULARLY TIME SAVING ONCE THERE ARE A LOT OF COUNTRY ENTRIES.
